

# Alternative Electronic Transportation Systems Vehicle Testing Registry Application

**Company Name:**

---

**Application Type:**

*Check all that apply*

New    Renewal    Update

**AVT Number:** \_\_\_\_\_

# General Information

All authority and requirements for Alternative Electronic Transportation Systems (AETS) vehicles are prescribed in Chapter **482B** of Nevada Revised Statutes (**NRS**) and Nevada Administrative Code (**NAC**).

**For questions regarding Nevada’s AETS vehicle testing program, please contact:**

AETS Vehicle Program Team – [DMV\\_AV@dmv.nv.gov](mailto:DMV_AV@dmv.nv.gov)

## **Nevada Insurance or Bond Requirements**

Any entity wishing to test an AETS vehicle on Nevada’s public roads is required to submit proof of one of the following:

- Certificate of Insurance proving \$5 million insurance coverage
  - This can be \$5 million in general liability, auto liability, umbrella liability, or a combination of these equal to \$5 million; or
- Post and maintain a surety bond in the amount of \$5 million; or
- \$5 million (USD) cash deposit with the Department

In addition to the \$5 million coverage requirement, any vehicle used on Nevada’s public roads must comply with the minimum insurance requirements listed in Nevada Revised Statute (**NRS 485.185**). The minimum insurance amounts are \$25,000/\$50,000/\$20,000.

If your insurance expires or becomes invalid for any reason, the AETS Vehicle certificate and testing plates will then become invalid until proof of updated/valid insurance is submitted.

## **Accident Reporting – Testing**

Pursuant to **NRS 482B**, within 10 days of any accident resulting in personal injury or property damage that exceeds \$750 or traffic violation occurring while operating an AETS Vehicle, the licensee must provide the department with a report of the incident. A SR-1 Report of Traffic Accident needs to be **completed within 10 days after a crash** that occurred in the State of Nevada and was NOT investigated at the scene by law enforcement.

The report must include a copy of any accident report or any citation.

## **Disclosure of Information**

Except as otherwise provided in **NAC 482B**, the Nevada Department of Motor Vehicles is a public agency and is subject to public records requests per **NRS 239.010**. Requests can be from any person or organization and any books, communications and records are subject to inspection or review. By law, the Department cannot withhold or redact any of the information that is requested. Proprietary information should be omitted from all communications with the department.

## **Application Submission and Processing**

Listed below is the process and requirements for submitting this packet to obtain your Nevada Alternative Electronic Transportation Systems (AETS) vehicle test license.

### **Fee Schedule:**

- Business Testing Certificate (new or renewal) - \$100.00
- Testing License Plates:
  - New: \$20.50 per vehicle added
  - Renewal: \$12.00 per existing vehicle

Fees can be paid using an [ADM-205](#) (payment Authorization Form) or a check made payable to the Nevada Department of Motor Vehicles.

### **Required Documents:**

- For a new test license, you will need to submit the following documents:
  - Completed OBL-327 Form (AETS Vehicle Testing Registry Application).
  - Proof of valid insurance coverage for each vehicle being licensed.
  - Proof of \$5 million insurance coverage, \$5 million surety bond or \$5 million cash deposit.
  - Fee payment.
- To renew an existing test license, you will need to submit the following documents:
  - Completed OBL-327 (AETS Vehicle Testing Registry Application).
  - Proof of valid insurance coverage for each vehicle being renewed.
  - Proof of \$5 million general liability insurance coverage, \$5 million surety bond or \$5 million cash deposit.
  - Fee payment.
- To add additional vehicles to an existing test license, you will need to submit the following documents:
  - List of AETS vehicle(s) being added (page 4).
  - Proof of valid insurance coverage for each vehicle being added.
  - Fee Payment.
  - Page 8 of this packet completed.

Once you have all required documents and feel your application is complete, you can email this application to:

AETS Vehicle Program Team – [DMV\\_AV@dmv.nv.gov](mailto:DMV_AV@dmv.nv.gov)

An initial review of the application and supporting documents will be completed. If applicable, any corrections will need to be made before the application can be processed. Once the application is approved for processing, it will be processed within 7-10 business days. The business will be responsible for providing a self-addressed shipping label to mail the documents from the DMV to the desired destination.

You will receive the following items in the mail:

- The Testing Plate Certificate Card and Decal (visually resembles a standard registration certificate and decal. **This IS NOT a vehicle registration in the State of Nevada**).
- Autonomous Vehicle Test Plate Certificate.
- Autonomous Vehicle License Plate. (You will receive a set of 2 license plates for each vehicle).
- A copy of the Business License from the Occupational and Business Licensing Section.
- Receipts for payment of the Autonomous Testing License Plate and the business license.

# LETTER OF AUTHORIZATION

Indicate all persons authorized to represent your business. **The Department will not speak with anyone not listed as an authorized agent below.** Additional agents may be added or removed at any time by the business principal after completing this Letter of Authorization and returning it to the Department. If you need more space, please duplicate this page as needed.

# ALTERNATIVE ELECTRONIC TRANSPORTATION SYSTEMS VEHICLE TESTING CERTIFICATION

## SECTION (1)

---

I, \_\_\_\_\_, principal agent for \_\_\_\_\_, hereby certify under penalty of perjury that the following statements are true and accurate for each Alternative Electronic Transportation System (AETS) vehicle listed on page 4.

**Please initial next to each applicable statement.**

\_\_\_\_\_ I understand that each autonomous testing vehicle listed on page 4, is equipped with an AETS or MTD which is owned or operated by the company identified on page 5 and is covered by an insurance company license to do business in this State.

\_\_\_\_\_ I understand that we must maintain continuous coverage that meets or exceeds Nevada's minimum liability requirements pursuant to **NRS 485.185**.

\_\_\_\_\_ Is affixed with a label pursuant to **49 C.F.R. § 567.4**, or proof of an approved exemption issued by NHTSA allowing the vehicle to be tested while not complying with **49 C.F.R. § 567.4**.

\_\_\_\_\_ Is capable of testing in compliance with all applicable motor vehicle laws and traffic laws of this state.

\_\_\_\_\_ I understand that the department may impose an administrative fine, not to exceed \$2,500, for a violation of any provision of **Chapter 482B** under the Nevada Revised Statute or any regulation adopted pursuant thereto. It is a gross misdemeanor for any person knowingly to falsify an application to obtain a testing registration for an AETS vehicle or any other document submitted to or issued by the department pursuant to **Chapter 482B**.

## SECTION (2)

---

Each AETS vehicle listed on page 4, which **requires a human operator** to be present inside the vehicle and seated in a position to take immediate control; must be,

\_\_\_\_\_ Equipped with a means to engage and disengage the AETS which is easily accessible to the human operator of the AETS vehicle.

\_\_\_\_\_ Equipped with an indicator located inside the AETS vehicle which indicates when the AETS operator is operating the AETS vehicle.

\_\_\_\_\_ Equipped with a means to alert the human operator to take manual control of the AETS vehicle if a failure of the AETS occurs which renders the AETS unable to perform the dynamic driving task relevant to its intended operational design domain.

## SECTION (3)

---

Each **AETS** vehicle listed on page 4, which **does not require a human operator** to be present inside the testing vehicle; must be,

\_\_\_\_\_ Capable of achieving a minimal risk condition if a failure of the AETS occurs which renders the AETS vehicle unable to perform the dynamic driving task relevant to its intended operational design domain. The AETS vehicle can achieve a reasonably safe state which may include, without limitation bringing the AETS vehicle to a complete stop.

\_\_\_\_\_ I understand if the technology is not able to achieve the minimal risk condition, then a human operator must be present in the AETS vehicle and ready to take control in the event of a failure of the AETS.

I hereby certify, under penalty of perjury, that all statements in this certification are true and correct. I agree and understand that any misstatement of material facts may result in a certificate of compliance not being issued or delayed by the Department. I further understand that any willful and false statement or willfully unqualified statements made may be a felony and punishable pursuant to **NRS 199.145**.
