Restriction Codes and Descriptions		
Code	Restriction	Description
1	Telescopic Device	This restriction is placed on the driver license of a person who meets the minimum levels of acceptable vision set forth in NAC 483.340 only with the aid of a telescopic device.
2	Hearing Aids	This restriction may be placed on the driver's license of a person who wears a hearing aid.
3	No fwy driving	This restriction is placed on a motorcycle instruction permit.
4	Grip/Power Steering Wheel	This restriction is placed on the driver's license of a person who has difficulty gripping or turning the steering wheel of the motor vehicle.
5	Directional Signals	This restriction is placed on the driver's license of a person who is physically unable to perform signals with his or her arms or whose driver's license is restricted to hand controls.
6	Yearly vision exam	This restriction is placed on the driver's license of a person who is required to wear a telescopic device while operating a motor vehicle or a person whose vision is 20/50 or worse in both eyes and who is determined by an eye specialist to have a progressive abnormality or disease of the eye or a person whose vision is 20/100 or worse in one eye and whose vision is worse than 20/40 in the other eye.
7	Yearly medical Letter	This restriction is placed on the driver's license of a person who has had seizures or episodes of altered consciousness within the last 3 years, or another physical or mental condition that his or her physician determines necessitates a yearly medical examination.
8	Yearly drive test	This restriction is placed on the driver's license of a person based on the person's performance on his driving test or on the driver's license of a person who is required to wear a telescopic device while operating a motor vehicle.
9	Seat Cushion/Auto Seat	A restriction is placed on the driver's license of a person who the examiner determines is unable to see adequately out of the windows or reach the control pedals because of his or her size. This restriction is not limited to a seat cushion or automatic seat if another device is available.
A	Auto Trans only	This restriction is placed on the driver's license of a person who is physically unable to operate a motor vehicle that is equipped with a manual transmission
B	Corrective Lenses	This restriction is placed on the driver's license of a person who meets the minimum levels of acceptable vision set forth in NAC 483.341 only with the aid of corrective lenses.
C	Mechanical/Adaptive devices	This restriction is placed on the driver's license of a person who is physically unable to operate a motor vehicle without the aid of a mechanical or other adaptive device.
D	Prosthetic Aid	This restriction is placed on the driver's license of a person who is required to wear a prosthetic device while operating a motor vehicle.
E	No manual transmission	This restriction is placed on a commercial vehicle if the applicant performs the skills test in a vehicle equipped with an automatic transmission. This restriction can also be placed on a non- commercial class A or B license.
F	Outside Mirrors	This restriction is placed on the driver license of a person who is legally blind (20/200) in the right eye, whose hearing is impaired, who is required to wear a telescopic device while operating a motor vehicle or whose mobility of his or her head or neck is limited. The restriction may specify the requirement of a right or left outside mirror, outside mirrors on both sides, a wide rearview mirror or a mirror that extends across the entire width of the interior of the windshield.
G	Daylight driving only	This restriction is placed on the driver license of a person, upon recommendation from a physician, optometrist or ophthalmologist, with visual acuity of 20/50 or worse in both eyes, who is required to wear a telescopic device while operating a motor vehicle or who holds a motorcycle driver instruction permit.
H	Limited to Employ
