PERSONALIZED LICENSE PLATE APPLICATION

NRS 482.3667

Personalized License Plates are issued for passenger, light commercial vehicles, trailers, motorcycles, or other types of vehicles that are required to be registered pursuant to NRS 706.801 to 706.861, inclusive.

This application is not required for sequential specialty plates. Your personalized license plates will be mailed to the current address of record on file with the Department. If you ordered your personalized license plates via mail, your plates will be forwarded to the DMV location specified on the application and you will be notified, by mail, when the plates are available to be picked up. If your vehicle is currently registered, you have the option of maintaining your current vehicle registration expiration date, or renewing for a full 12-month period. Credit for any unused portion of your current registration is transferable to your personalized license plate registration. In applicable counties, if you are renewing for a full 12-month period, and your previous evidence of compliance with emissions standards was obtained more than 90 days ago, the vehicle must be re-inspected for emission compliance prior to registration.

NOTE: The Department has the right to refuse any combination of letters and/or numbers that may carry connotations offensive to good taste and decency, or which would be misleading, or in conflict with any license plate series that has been issued. (NRS 482.3667 and NAC 482.320)
