

CLASSIC ROD/CLASSIC VEHICLE PERSONALIZED PRESTIGE LICENSE PLATE APPLICATION

NRS 482.3814 & NAC 445B.574

A resident of the State of Nevada who owns a passenger car or light commercial vehicle (having a manufacturer's rated carrying capacity of 1 ton or less), and meeting the requirements for a CLASSIC ROD (manufactured not earlier than 1949, but at least 20 years prior to the date of application), or the requirements for a CLASSIC VEHICLE (manufactured at least 25 years prior to the date of application and must contain only the original parts that were used to manufacture the vehicle or replacement parts that duplicate those original parts) may apply for Personalized Prestige license plates.

First time fee for a Personalized Prestige license plate is \$35.00, plus a \$0.50 per plate Prison Industry Fee. Renewal fee will be \$10.00 in addition to all other applicable registration fees. Personalization will require a fee of \$35.00 during the initial registration and a \$20.00 fee at each renewal period in addition to all other applicable registration fees. For those motor vehicles exempted from emission testing, 1968 and newer, the Department will collect a one-time fee of \$7.00 to be deposited into the pollution control account; these fees are in addition to all other registration fees.

Vehicle owners with a Classic Rod and/or Classic Vehicle must provide proof that the vehicle is covered by Nevada liability insurance which is specifically designated for classic or antique vehicles. Customer must provide the declaration page from the insurer for first time registration and/or renewal. Liability insurance must be continuously maintained in your name, for the entire time the vehicle is registered or should be registered in Nevada.

If your vehicle is currently registered, you have the option to maintain your current vehicle expiration date or renewing for a full twelve (12) month period. Credit for the unused portion of your current registration will be applied. You must surrender your current license plates to the Department to transfer this credit.

In accordance with **NAC 445B.574**, if a Classic Rod and/or Classic Vehicle has been certified, upon each annual registration, to have not been driven more than 5,000 miles since the preceding annual registration, the Classic Rod and/or Classic Vehicle may be certified as exempt from compliance with emission standards (**with required submittal of form EC-18 at initial registration and annual renewal**). If the vehicle is driven more than 5,000 miles, a passing emissions test is required at the time of the renewal and the vehicle cannot be re-registered as a Classic Rod or Classic Vehicle.

Please Note: A Classic Vehicle must contain only the original parts that were used to manufacture the vehicle or replacement parts that duplicate those original parts. First time application for this plate type must be done in person at a full-service DMV Office.
