

FARMER/RANCHER AFFIDAVIT

NRS 482.036, 706.071, 706.141, NAC 482.430

Registration fees for a farm vehicle having an unladen weight of 10,000 pounds or more may be based on the unladen weight of the vehicle rather than the declared gross weight.

Pursuant to **NRS 482.036** "Farm vehicle" means any vehicle or combination of vehicles which is:

1. Controlled and operated by a farmer or rancher;
2. Used to transport his own livestock, agricultural products, ranch or farm machinery or supplies to or from a ranch or farm; and
3. Not used in the operation of a common or contract carrier.

For the purpose of **NRS 482.036** and **706.071** and pursuant to **NAC 482.430**, "Farmer" or "Rancher" means a person who derived at least two-thirds of his gross income for the previous tax year from cultivating the soil or raising agricultural commodities, including such activities as:

1. The operation of stock, poultry, bee, fruit, or truck farm;
2. The operation of dairy, plantation, ranch, nursery, or orchard;
3. The collection of a portion of share crops;
4. The sale of draft, dairy, range, or sporting livestock; or
5. The sale of livestock for breeding.

For the purpose of this section, "gross income" does not include wages received as a farm or ranch employee or passive income from a farm or ranch corporation.

A person who applies to the DMV for the registration of a farm vehicle will submit upon the appropriate form furnished by the DMV an affidavit stating:

1. He is a farmer or rancher as defined in **NAC 482.430**;
2. His vehicle is a farm vehicle as defined in **NRS 482.036**.

Such an applicant shall also submit any additional proof deemed necessary by the DMV to establish he is a farmer or rancher.

If the registration of a farm vehicle is based upon a false or fraudulent affidavit or application for registration, the DMV will, upon discovery of the fact, suspend the registration of the vehicle and require the license plates issued to the vehicle be returned to the DMV.
